About us

Wave 9 is one of the fastest growing telecommunication providers to UK education, with hundreds of satisfied school customers in both the primary and secondary sector.

We use our knowledge and expertise, gained from many years experience of delivering telecommunications to schools to offer our customers a great value, feature packed service with clear, predictable pricing that makes budgeting easy.

Benefits

Considerably more cost-effective than traditional telephony and with a vast range of flexible features WaveTalk can save you a significant amount of money and help improve efficiency in a busy school environment.

Available as a standalone service, or as part of our WaveConnect broadband and online safety package, It is a proven system that serves 100's of school sites.

WaveTalk can bring your telephony system right up to date with minimal capital outlay and predictable ongoing costs. Additionally, our customers benefit from features that support business continuity planning, parental communication and safeguarding.

What this means for you

- Low capital outlay
- Removes unpredictable PBX maintenance and call costs
- Supports remote and mobile working and business continuity
- Fully supported by our helpdesk
- Mobile integration option.

What our customers think

“ We have completed a number of projects with Wave 9. Knowledgeable, professional and easy to work with they are a key provider to Staffordshire University Academies Trust

Keith Hollins

CEO Staffordshire University Academies Trust
